

Goodlettsville Driver Training

Basic Teen Driving Course (\$375)

- 30 hours Classroom / 6 hours in-car training
- *License to Drive* Training
- Complimentary Learner's Permit Test
- Certified by TN Dept. of Safety
- TN Road Test available for a small fee

Our basic Teen Driving Course is designed for those students that have had a little driving already or will get ample opportunity to practice concepts between lessons. While most students can master the basic requirements as required by TN law within the six hours of behind-the-wheel training, some are better served by taking the Extended Teen Course.

Extended Teen Driving Course (\$450)

- 30 hours Classroom / 8 hours in-car training
- *Licensed to Drive* Training
- Complimentary Learner's Permit Test
- Certified by TN Dept. of Safety
- TN Road Test included if eligible

Our Extended Teen Driving Course is designed for those students that have had little chance to drive already or will not get ample opportunity to practice concepts between lessons. Complete beginning drivers or those seeking more advanced defensive driving skills will benefit most from this program.

1. The course consists of 4 days of classroom (8:30am – 4:30pm) followed by the driving instruction. The driving instruction will be scheduled during the second day of class and will come after the 4 days of classroom instruction.

2. Please Note This Change in Tennessee Law:

For students 15 years and 6 months of age (or older), who have successfully completed the Driver's Ed course and hold a valid TN Learner's Permit, the Tennessee state road test (driving portion of the driver's license test) may be administered by Goodlettsville Driver Training (GDT). Students desiring to take the GDT administered state road test are required to take an additional 1 hour of driving instruction at the additional cost of \$30. After the 6 hours of driving instruction, the instructor will notify the student whether they possess the skills necessary to successfully pass the road test. The parent may then schedule an appointment with GDT for the road test. **Passing the road test is not guaranteed. Be advised that the DMV reserves the right to retest any applicant.**

3. If a student resides in TN and does not have a learner's permit, Goodlettsville Driver Training will administer the written test for the permit at no additional charge. The student must be 15 by the last day of class in order to be eligible. The student must score an 80% or better to qualify for the written wavier. The student is still required to show proper identification and to take the vision test at the DMV.

4. All students will be issued a Driver Education Certificate upon successful completion of the course. Please check with your insurance company regarding any insurance discounts.
